Check App at <https://calm-shore-45905.herokuapp.com/>

Online Classroom Control using Computer Vision

May 2021 - May 2021

Major aspects of our projects are:

- 1)Automates the attendance taking in online classes.
- 2)Keeps students attentive during the class.
- 3)Provides a report of students' attention during the class.
- 4)Enables control of the system with hand gestures.
